

# CK Architecture Academy

## Refine your design

Get the most out of your floor plans & elevations for your extension project with our quick Refine Your Design service.

What's included –

- 1) A half hour phone conversation / Skype or Zoom call to discuss your requirements and any designs you already have.
- 2) I will sketch over the plans & elevations you send to CKAA. These plans & elevations can be as existing, or proposals you have already prepared yourself, or have had prepared by someone else. I will then sketch over these showing how your floor plans & elevations can be designed or how existing designs can be amended to make the most of the proposals.
- 3) The sketches will be emailed to you within 10 working days of receipt of your plans (unless you are otherwise informed of any reason why this timeframe can't be met, e.g. due to holiday or illness).
- 4) The above will be provided for a fee of £149.00 – introductory offer lasting until midnight on 30.06.2021. From 00.01 on 01.07.2021 the fee will rise to £199.00

(Drawings sent to CKAA must be sent in pdf format, on paper size A4 or A3, to a recognised scale such as 1:100 and with a scale bar on the drawings. If you send in drawings which aren't to scale I can only provide sketches which aren't to scale.

You must also include any relevant information such as the location of property boundaries, manholes, trees, public rights of way etc.

This service relates to floor plans and elevations for extensions to a single dwellings only, if you would like a quote for providing this service for other types of building please email us at [academy@ckarchitecture.co.uk](mailto:academy@ckarchitecture.co.uk))
